

Eric Abrahamsen

Senior Cloud Site Reliability Engineer

A Senior Site Reliability Engineer at Apple, Eric has spent 12 years building infrastructure and tooling for various teams. His background is in network and cloud engineering, automation, and software development.

Previously, Eric worked for AT&T, Home Depot, and the University of Texas at Austin. He holds a degree in electrical engineering and technical management from Devry University.

He values intentionality, communication, and collaboration in the workplace, and he utilizes observation and intuition to improve the functionality of his teams. As an advocate for AI and how it can be a tool for efficiency in professional settings, he has taught many classes on automation development.

Eric, a lifelong native Texan, and his wife have three children. He enjoys keeping saltwater aquariums, is a Formula 1 enthusiast, and is an amateur racer.
