

Ryan Carrell

Manufacturing Supervisor, Custom Project Manager

Since joining MilliporeSigma in 2005 as a Scientist, Ryan has advanced to Manufacturing Supervisor, a role in which he has successfully led technology transfers across multiple sites within the MilliporeSigma network (Merck KGaA, Darmstadt, Germany).

In addition to manufacturing, Ryan has experience in Quality Control and Quality Assurance, focusing on continuous improvement initiatives in a highly regulated environment. He enjoys building customer relationships and fostering a partnership mindset to deliver maximum value for both organizations.

Ryan holds a bachelor's degree in Chemistry from The University of Texas at Austin. He is married with four children, and he enjoys reading, watching both types of football, and visiting the many US National Parks.
